

[2021 Starry Nights in Santa Fe \[1\]](#)

The Lord of Cries by John Corigliano World premiere
August 3 - 7, 2021

Optional Extension: Angel Blue Concert, August 7- 8

Act 1 Tours and The Santa Fe Opera are delighted to announce the return of live opera in the summer of 2021! The Santa Fe Opera is staging a condensed season of four operas including a very special concert to showcase the talents of world-renowned soprano Angel Blue. Covid-19 protocols may make the festival season look different this year, but the breathtaking ambience of New Mexico's high desert and the operatic quality will be just the same as ever.

We have again selected the iconic La Fonda on the Plaza, a historic hotel that boasts all the necessary contemporary comforts, while perfectly located at "the crossroads of downtown Santa Fe".

Additional information, such as daytime events, lectures, sightseeing and group dining will be added in due course and pricing details will follow as the program becomes firm. Covid-19 and its implications for the Santa Fe Opera along with the New Mexico State guidelines will be closely monitored as we further develop the tour.

At this time, we are unable to take deposits, however we are accepting pre-registrations. Please call in with any questions or to place your name on our pre-registration list. Should you not reach us immediately, leave a voicemail that will be returned as soon as possible.
